

How to Join a Zoom Meeting

1

You will need to visit: <https://zoom.us/download>

2

Click the blue download button under 'Zoom Client for Meetings'.

3

Click on the browser icon you are using for further instructions.

Internet Explorer

Google Chrome

Apple Safari

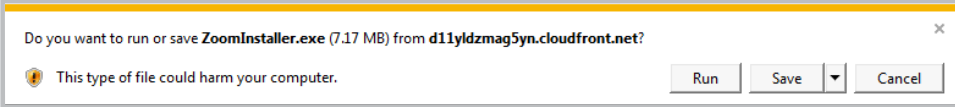

Mozilla Firefox

Internet Explorer instructions

- After selecting download, you will receive a message at the bottom of your browser asking if you want to **Run or Save ZoomInstaller.exe**
- You will need to select 'Run' which will then begin both the download and installation.

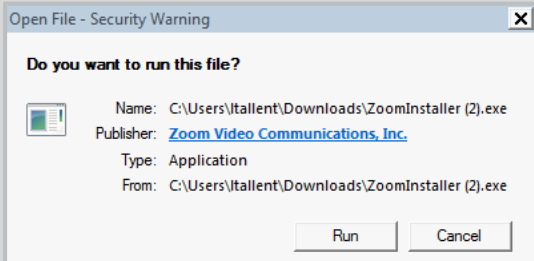

Google Chrome instructions

- After selecting download, the **ZoomInstaller.exe** download file will appear at the bottom of your browser and a blue circle with start to load.

- Once the blue circle has fully loaded, you will need to click on the download file, which will open up the message **Do you want to run this file?**

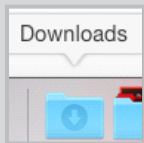

- You will need to select 'Run' which will then begin both the download and installation.

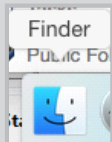

Apple Safari (For Mac)

- When you click the download button the download file **Zoomusinstaller.pkg** will automatically start loading into your **Downloads Folder**.

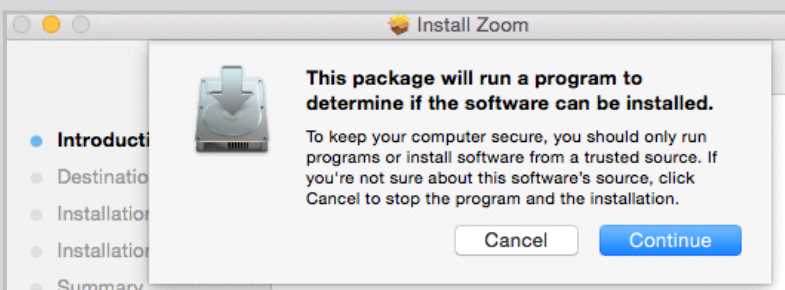

- When the download has completed, you will then need to open the **Finder** window.

- In the Finder Window **Downloads** from the options on the left and find the file **Zoomusinstaller.pkg**.

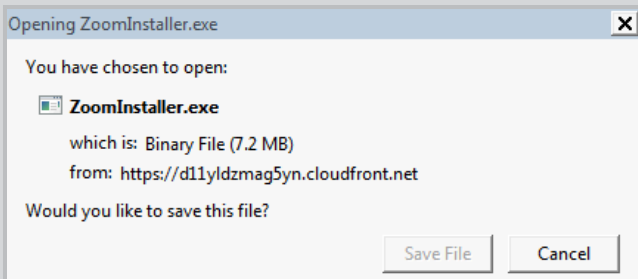

- Double click file **Zoomusinstaller.pkg** to start the installation.
- When you have double clicked the file you should receive the message **This package will run a program to determine if the software can be installed.**
- You need to select 'Continue' and then follow the installation prompts.

Mozilla Firefox instructions

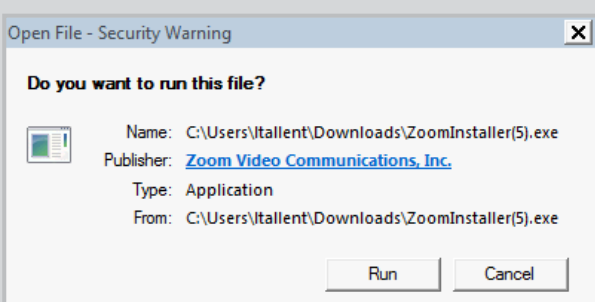

- After selecting download, you will receive the following message **You have chosen to open: ZoomInstaller.exe Would you like to save this file?**

- You will need to select 'Save File' which will start the download, and a green progress bar should start loading in the top right corner of your browser.

- When the progress bar has fully loaded, it will turn into a blue arrow, which you will need to click.
- When the arrow has been clicked it will drop down the download file, which you will also need to click.

- When you click on the download file, it will open up the message **Do you want to run this file?**
- You will need to select 'Run' which will then begin both the download and installation.

4

After the Zoom software is downloaded, you will simply need to click the email link we will provide prior to the meeting.
